

January 9th, 2024

From,

Vaseashta, Ashok Dr. Prof. Acad. FAPS, FIoN, FNYAS
Chaired Professor of Nanotechnology, Prof. of Physics, Strategic Research Advisor
CEO/CRO, International Clean Water Institute, VA, USA
Academician: Euro Mediterranean Academy of Arts and Sciences
IEEN Chaired Professor of Nanotechnology

Reference: Sponsorship opportunity at the International Symposium on Dielectric Materials and Applications, Orlando, FL

Dear Sponsor,

We are in the process of organizing the 8th International Symposium on Dielectric Materials and Applications (ISyDMA'8), in Orlando, FL. After the successful hosting of the previous seven events in Morocco, France, Jordan, and Romania, we are hosting the 8th edition in the USA.

ISyDMA is a global forum for researchers and practitioners to present and discuss the most recent innovations, trends, results, experiences, and concerns in the several perspectives of these materials and is also an opportunity to develop new ideas and collaborations and to be aware of the latest search trends in the dielectrics, nanodielectrics and advanced materials fields and their numerous applications. It is aimed at materials scientists, physicists, chemists, biologists, and electrical engineers engaged in fundamental and applied research or technical investigations on such materials. The thematic scope of the conference covers a wide range of topics related to issues such as energy, environment, biotechnology, electronics, and optoelectronics. Several of these topics align with the mission and vision of your organization.

The secretariat of ISyDMA'8 would like to request sponsorship from your organization to showcase your products and services, as we promote this event worldwide. Normally, about 250-300 participants attend the event from approximately 20 different countries. Most of them are researchers and professors, who decide on the products and services necessary for their research. I am sure that it will be a mutually beneficial program as we intend to use funds from our sponsors to offset attendance fees by students.

Seeing your record and prestige as an industry leader, we think that it will be a perfect place for you to advertise your organization at this conference. Along with this letter, we would like to send you a brief about the event and the different levels of sponsorship available. Please review the attached information and let us know if you would like to support us through sponsorship.

Conference website: <https://isydma8.sciencesconf.org>

Event venue website: <https://www.westgateresorts.com/hotels/florida/orlando/westgate-lakes-resort/>

Should you need any additional information, please feel free to contact me.

Thank you.

Ashok Vaseashta
